**Sculpture in the
Harbour**

Exhibition

'On the Home Front'

Background

The sculpture theme of 'On the Home Front' reflects an aspect of the Anzac legacy.

In selecting this theme, our exhibition will reflect on the experiences had, and the sacrifices made by those who are left behind in times of warfare.

The harbour-based exhibition will be assembled in the waters adjacent to the Albany Entertainment Centre and the Anzac Peace Park. In addition an exhibition of small-scale sculptors' work will be displayed in the foyer of the Albany Entertainment Centre.

A Request for Support

Sculptors must outlay a large amount of personal funds to create their works particularly, the cost of freight and insurance.

NewArts Inc. wishes to assist these artists with these expenses.

We are asking if you would like to invest in this significant moment in time by supporting a local artistic initiative.

All donations will be gratefully acknowledged. A Certificate of Appreciation will be presented to all donors and an Honour Board will record all donor names at the exhibition site.

Gold Star Donors will also be recognized through a panel adjacent to a sculptural work. This will display their name and an acknowledgement of their generous donation.
